## General Comment

Leave our right to trade options within our IRA's alone. A quick look at the oil industry, the U.S. and world stock markets and the U.S. deficit tells us how well you geniuses in Washington manage money. Trading options is one of the few ways we have left to protect ourselves against the disaster you all have made of the economy here in the U.S. and pretty much every in the world. Leave our IRA'S alone. We'll manage our own affairs just fine thank you....

Besides and by-the-way, what laws or regulations grant you the legal right to regulate our financial affairs?  
Hhmmmm....

No over-reach here huh?
